

This is to notify you that we will be using an interim addenda process until the I-69 proposal is posted through the E-Proposal website on July 1, 2008. Any addenda needing to be posted prior to July 1st will be posted on MDOT's ftp site (ftp://ftp.michtrans.net) with a notification on the Design Build Website (http://www.michigan.gov/mdot/0,1607,7-151-9625_21540_49976---.00.html). There is currently one addenda in process which adds the exhibit for Book 1 of the RFP. After July 1st, addenda will be handled using the normal process through E-Proposal
